HSE Approved First Aid

This health and safety (HSE) first aid training course is designed for individuals who have no prior understanding of first aid, but require a HSE approved first aid training qualification.

It provides delegates with the theoretical and practical knowledge when dealing with first aid in the workplace. They will enjoy this relaxed approach to learning led by our instructors who fully understand individual learning needs.

This 1 day first aid course will give participants a qualification to the highest level of first aid, meeting the statutory requirements of 'Health & Safety (First Aid) Regulations 1981'

Course Content

The course units include

- First Aid Regulations
- First Aid Equipment
- Primary/Secondary survey
- Unconsciousness
- Recovery Position
- Resuscitation- BLS
- Choking
- Shock/Anaphylactic Shock
- Wounds & Bandaging
- Eye injuries
- Heart conditions
- Epilepsy
- Diabetes
- Fainting
- Head Injuries
- Stroke
- Asthma
- Fractures
- Hypothermia/Hyperthermia
- Burns

Assessment

There is an assessment at the end of the course which must be given by an external examiner on the Register of Occupational First Aid Training Providers.

The Training

Training is provided in 1 day where you will obtain the confidence required to understand each unit through certified training supervision, hands on practical labs and classroom lectures.

Qualification Received

Following completion of this course, candidates will gain approved certification which will last for 3 years.
